Table of Contents

Table of Contents ..... **i**
List of Tables ..... **iii**
List of Figures ..... **v**
I. Executive Overview **1**
II. Several Interrelated Issues Impact Complex SoC Designs **5**
Detailed Definitions for SoC by Type 5
Design Productivity Gap 7
The Disaggregation and Reaggregation of the Semiconductor Market 9
The Rise of Metamaterials 12
The Rise of AI, Deep Learning and Machine Learning 12
Rise in the Use of Semiconductor Intellectual Property 14
Die Area Partitioning 15
III. Caveats for Analyzing Complex SoC Design Costs **21**
IV. Current Complex SoC Market Trends and Drivers: 2018 ..... **23**
Definitions for Categories that Comprise Complex SoC Silicon Design 24
Derivative SoC Designs 34
Design Costs During First Year of Availability 41
The Rising Cost of IP Integration 45
Silicon Respins and Design Cycle Time 47
Effect of Current Economic Conditions 51
V. Embedded Software Design Costs **54**
ITRS Roadmap Projects Rising Software Effort over Time 56
Definitions for Categories that Comprise Complex SoC Software Design 63
Software Design Costs for SoCs 64
VI. Impacts of Rising Design Costs on SoC Design Starts **74**
Model for Impact of Rising Design Costs on SoC Design Starts 75
Design Complexity Levels 75
Total SoC Design Starts by Process Geometry and Design Cost Range 85
180nm 85

2018© Semico Research Corp. All Rights Reserved

130nm 87
90nm 89
65nm 91
40nm 93
28nm 95
20nm 97
14nm 99
10nm 101
7nm 103
5nm 105
3nm 107
Average Design Costs for SoCs by Geometry.....109
VII. SoC 1st Effort Design Landscape by Cost 114
Number of Most Expensive SoC Designs 114
VIII. Summary..... 122

List of Tables

Table 1: History and Forecast for First-time Complex SoC Silicon Design Costs 26
Table 2: Possible Cost Reductions for 28nm Designs Over Time 29
Table 3: History and Forecast of Advanced Performance Multicore SoC Silicon Design Costs 30
Table 4: History and Forecast for Value Multicore SoC Silicon Design Costs 32
Table 5: History and Forecast for Basic SoC Silicon Design Costs 33
Table 6: Comparison of First-time and Derivative SoC Design Costs 38
Table 7: Comparison of First-time and Derivative SoC Design Costs Delayed Two Years After Initial Availability 39
Table 8: Comparison of First-time and Derivative SoC Design Costs in 2018 40
Table 9: Silicon and Software IP Integration Costs by Process Geometry 45
Table 10: Comparison of Silicon and Software IP Integration Costs by Process Geometry 47
Table 11: SoC Unit Volumes to Reach Breakeven 53
Table 12: Silicon vs. Software Design Efforts and Costs 55
Table 13: History and Forecast of Advanced Performance Multicore SoC Software Design Costs 65
Table 14: History and Forecast for Value Multicore SoC Software Design Costs 66
Table 15: History and Forecast for Basic SoC Software Design Costs 67
Table 16: Comparison of Silicon and Software Design Costs by Node and Category in Advanced Architectures 68
Table 17: Comparison of Silicon and Software Design Costs by Node and Category in Value Architectures 70
Table 18: Comparison of Silicon and Software Design Costs by Node and Category in Basic Architectures 72
Table 19: Total Advanced Performance Multicore SoC 1st Time Efforts and Average Design Cost Range 77
Table 20: Total Value Multicore SoC 1st Time Efforts and Average Design Cost Range 79
Table 21: Total Basic SoC 1st Time Efforts and Average Design Cost Range 81
Table 22: Weighted Average Design Costs by Process Geometry for 2017 (M Dollars) 81
Table 23: Weighted Average Design Costs by Process Geometry for 2023 (M Dollars) 82
Table 24: Total SoC 1st Time Efforts and Aggregate Average Design Costs 83
Table 25: Total 180nm SoC 1st Time Efforts and Aggregate Average Design Costs 85
Table 26: Total 130nm SoC 1st Time Efforts and Aggregate Average Design Costs 87
Table 27: Total 90nm SoC 1st Time Efforts and Aggregate Average Design Costs 89
Table 28: Total 65nm SoC 1st Time Efforts and Aggregate Average Design Costs 91
Table 29: Total 40nm SoC 1st Time Efforts and Aggregate Average Design Costs 93
Table 30: Total 28nm SoC 1st Time Efforts and Aggregate Average Design Costs 95
Table 31: Total 20nm SoC 1st Time Efforts and Aggregate Average Design Costs 97
Table 32: Total 14nm SoC 1st Time Efforts and Aggregate Average Design Costs 99
Table 33: Total 10nm SoC 1st Time Efforts and Aggregate Average Design Costs 101
Table 34: Total 7nm SoC 1st Time Efforts and Aggregate Average Design Costs 103
Table 35: Total 5nm SoC 1st Time Efforts and Aggregate Average Design Costs 105
Table 36: Total 3nm SoC 1st Time Efforts and Aggregate Average Design Costs 107
Table 37: Advanced Performance Multicore SoC Average Design Costs by Geometry 109
